

ENGINEERING PLASTIC COMPOUNDS

**Value added compounds designed for various applications
(Automotive | Electrical Protection | Industrial)**

KEPLON™ : Polyamide Compound (PA6, PA66)

KEPTER™ : Polyester Compound (PBT)

Glass Reinforced
and Mineral Filled upto 50%

Flame Retardant

Pre - Coloured Compounds

Customized Blends and Alloys

Company Profile

- Founded in 2006
- 60,000 MTA Capacity
- 3 state-of-the-art facilities
- 40000sq ft integrated R&D Facility

Awards & Recognition

RESEARCH & DEVELOPMENT ACCREDITED
BY MINISTRY OF INDUSTRY
GOVERNMENT OF INDIA

TUV SUD
ISO 9001 CERTIFIED

Bureau of Indian Standards

MEMBER OF BIS
(BUREAU OF INDIAN STANDARDS)
SUB-COMMITTEE FOR PLASTICS CHAPTER

4 TIME ET NOW BEST
POLYMERS BRAND
WINNER

R & D

Our R&D center **MANTHAN** is equipped with advanced global-standard testing systems to deliver reliable results.

It is India's largest single location based R&D for masterbatches and compounds having Industry Experts with 30 years plus experience in new product development.

Some of our key equipment are:

- Universal Testing Machine - Tinius Olsen
- Impact Testing Machine - Tinius Olsen
- Notch Cutter - Tinius Olsen
- Hardness Tester - Insize
- HDT Machine - Testron
- MFI Tester - Tinius Olsen
- MFI Tester - Dynisco
- Moisture Analyzer - Mettler Toledo
- Specific Gravity Tester
- Accelerated Weathering Tester - Q-Lab
- UL94 Horizontal & Vertical Flammability Tester
- Heat Ageing Oven
- Melting Point Apparatus
- DSC - PerkinElmer
- FTIR - PerkinElmer
- TGA - PerkinElmer
- Limiting Oxygen Index Tester (LOI)
- Glow Wire Test Apparatus
- Spectrophotometer - Premier Colorscan
- Spectrophotometer - GretagMacbeth
- Photo Spectrophotometer - Datacolor
- Photo Spectrophotometer - Xrite
- Injection Moulding Machine - FerromatikMilacron
- Twin Screw Extruder - STEER
- Twin Screw Extruder - Coperion GmbH
